SCENARIOS

As a registered user i want to be able to see different seeds offers in Ghent.

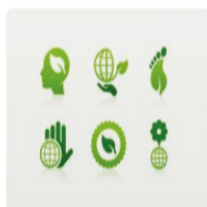

If i open the app i want to see on the map where i can find people willing to switch seeds and where i can plant trees.

Then i would want to check information about the seed that i just got from the trade. (water timing and growing time)

WIREFRAMES

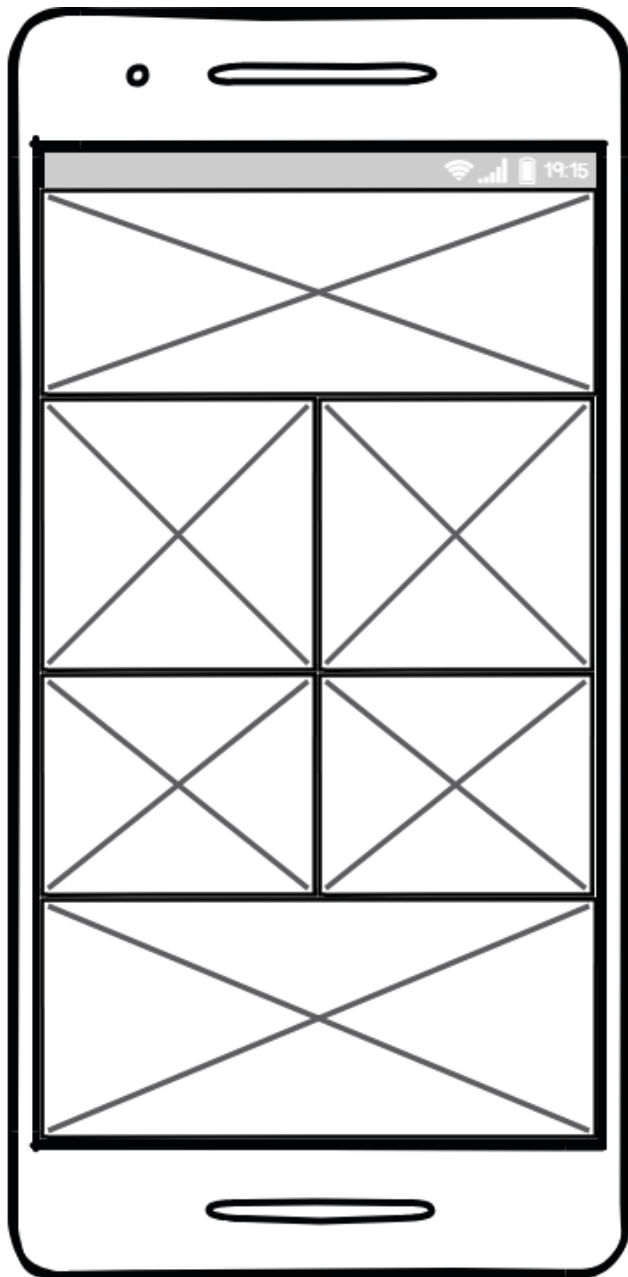

Register

A wireframe of a mobile app screen for registration. At the top, there is a status bar with a Wi-Fi icon, signal strength bars, a battery icon, and the time 19:15. Below the status bar is a large square placeholder with an 'X' inside, representing a logo or profile picture. Underneath this are four groups of text labels (represented by wavy lines) and input fields (represented by rectangles). Each group consists of a label followed by an input field. At the bottom of the screen is a button labeled "Register".

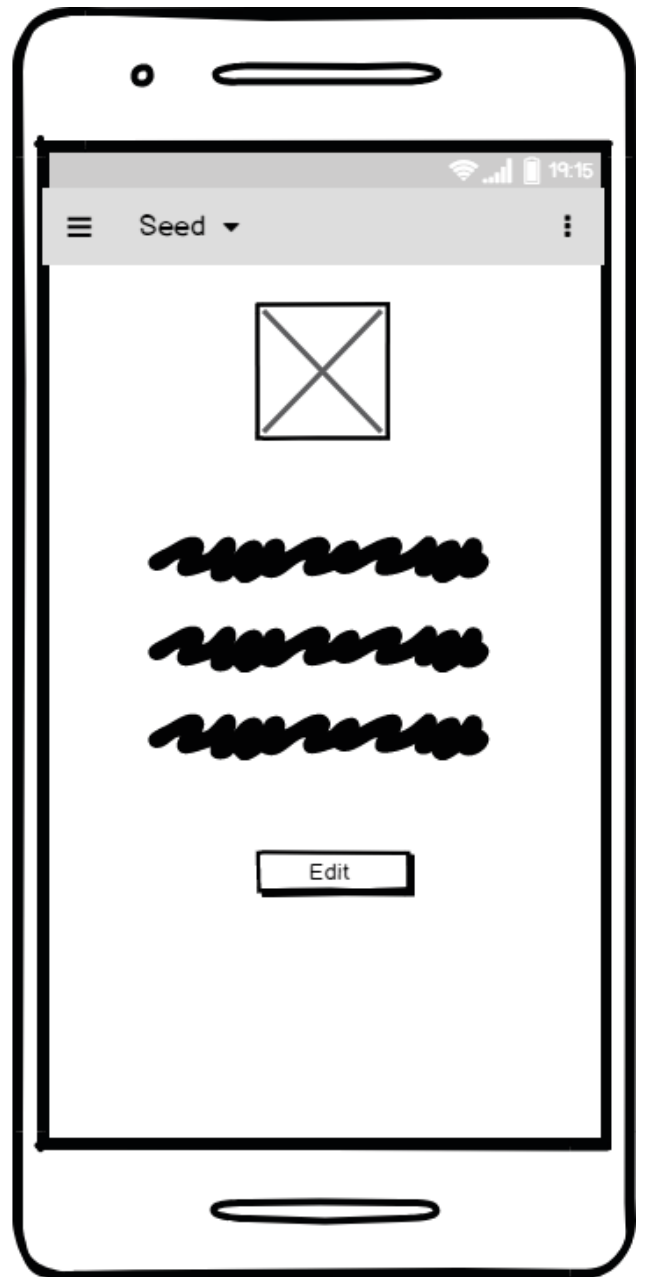

Login

A wireframe of a mobile app screen for login. At the top, there is a status bar with a Wi-Fi icon, signal strength bars, a battery icon, and the time 19:15. Below the status bar is a large square placeholder with an 'X' inside, representing a logo or profile picture. Underneath this are two groups of text labels (represented by wavy lines) and input fields (represented by rectangles). Each group consists of a label followed by an input field. Below the input fields is a button labeled "Login".

Home

Profile

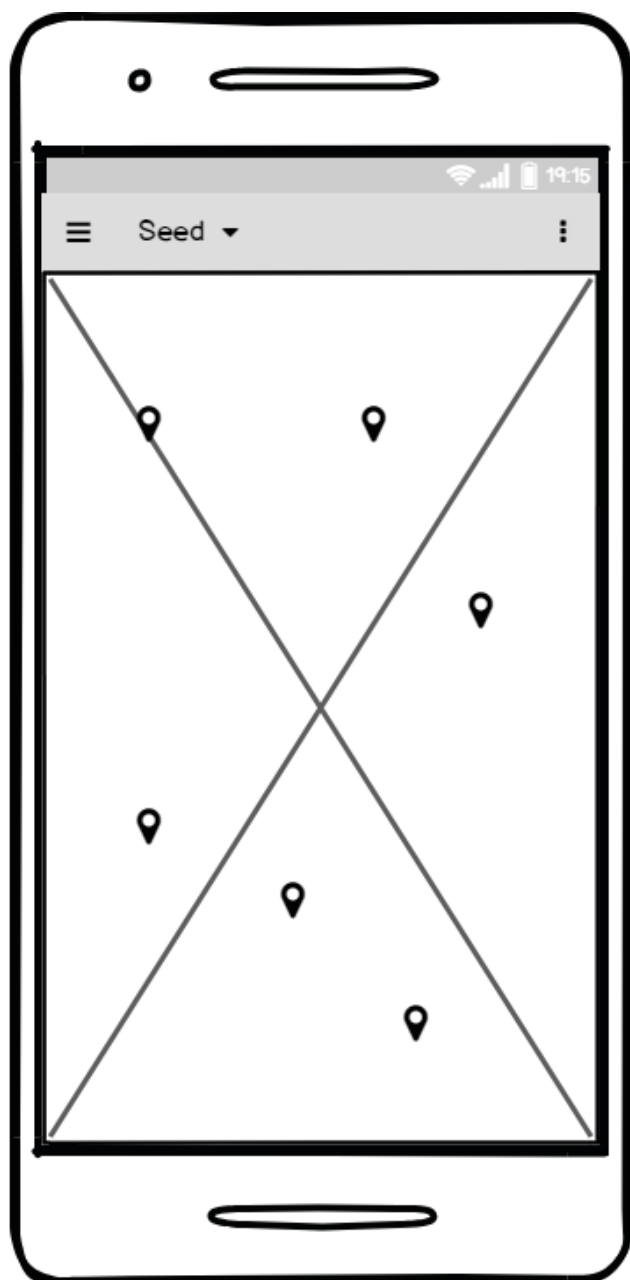

Edit info

A mobile app screen for editing information. At the top is a status bar with signal, battery, and time (19:15). Below is a header bar with a hamburger menu, the text "Seed", a dropdown arrow, and a three-dot menu. The main content area features a large square placeholder with an 'X' for a profile picture. Below this are four horizontal input fields, each preceded by a wavy line representing a label. At the bottom of the form is a rectangular button labeled "Update".

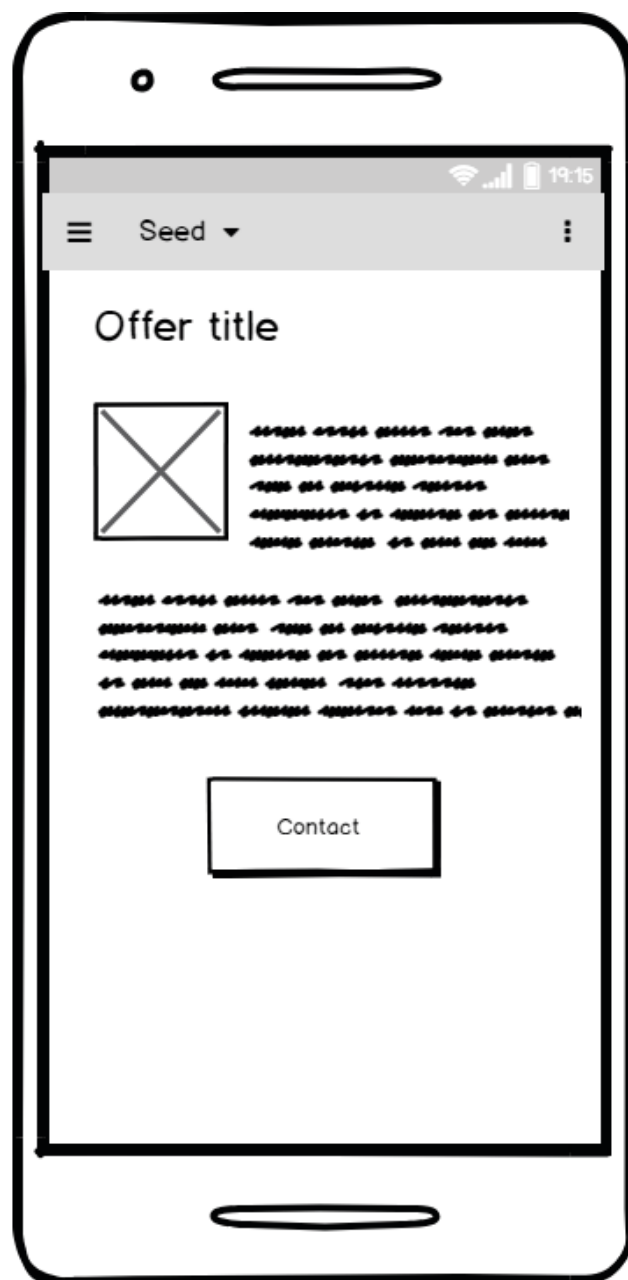

Posts

A mobile app screen displaying a list of three posts. Each post is contained within a rectangular card. Each card has a square placeholder with an 'X' on the left, followed by three lines of placeholder text on the right. A rectangular button labeled "Contact" is positioned at the bottom right of each card. The screen layout includes a status bar at the top and a header bar with a hamburger menu, the text "Seed", a dropdown arrow, and a three-dot menu.
